

Tuesday, 2nd June

Dear Students and Families,

We hope you're healthy and well as you read this email and enjoyed the half term break during these unprecedented times

As always, our goal is to provide every student with the opportunity to learn and achieve their personal best. We hope that you have found the home learning packs useful over the last couple of weeks which our amazing teachers have been preparing for the students.

In order to make the home learning experience more accessible and motivating for our students, we are introducing Firefly remote learning platform. While the typical school day may be disrupted, learning doesn't not have to be. It will look different, but we believe we can still offer valuable learning opportunities for all students through Firefly. We understand that many parents/carers may have concerns and worries regarding their child's progress and learning so hopefully things will get a bit easier with Firefly. Please do not feel under any pressure to complete all tasks set by the class teacher and use the Firefly in a way that works best for you and your child.

Firefly is an online platform for [students](#) and [parents](#) -please follow the links for more information and detailed guidance on downloading the app and logging in.

You can access Firefly from your PC, Mac, tablet or smartphone.

Our website URL is: <https://queensmill.fireflycloud.net/> . To gain access, simply follow the instructions for [logging in for the first time](#).

There are also apps for students and parents available on iOS and Android devices. Our school code is: **queensmill**

- *Firefly for Students* ([iOS](#) & [Android](#))
- *Firefly for Parents* ([iOS](#) & [Android](#))

Once you are logged in, explore the "**Getting Started with Firefly**" page in the "**School Life**" Resource section. It will help guide you as we get started using Firefly.

On Firefly, you will be able to access the following:

- Home learning map
- Home learning materials
- Distance learning policies & guidelines
- Regular updates from the class teacher

Please contact your class teacher or school office office@queensmill.lbhf.sch.uk with any questions or needs. We appreciate your support and flexibility in this time and hope you will enjoy using the Firefly to support your child's home learning experience.

Kind Regards,

Joanna Dziopa
Deputy Head
